

I am writing to thank you for introducing me to the 'Think2 Read' project. It is an extremely exciting and much needed programme, which ties in perfectly with the new National Primary Strategy for developing reading and inference. As co-ordinator of the Totnes Federation, which consists of King Edward VI Community College, Dartington Primary School and Bidwell Brook Special School, I hope to be of assistance to you in the piloting and assessment of the programme.

As a drama specialist and practitioner, I am also interested on a personal level, in how inference and communication are developed through drama and would be more than happy to work with you on exploring this as part of the project. I have recently worked with a number of primary schools on developing literacy through drama, which was very successful and ties in with the work you are developing.

I look forward to working with you,

Yours sincerely,

Jill Bruley
Totnes Federation Co-ordinator
